**Bathrooms:** 1

**Toilets:** 1

**Available from:** 13.11.2023

**Floor:** 1

**Balcony:** Yes

**Offer number:** WIL632001

## Description

**An ideal place for those who value proximity to nature, but also those who do not want to give up the benefits of city life.** Functional new flats from the developer, with sizes ranging from 30 to 77 sqm, will meet all the needs of a single, a couple, as well as a family.

The **location provides residents with optimal access to all major points of interest**, regardless of whether the flat is occupied by a family with children, a single or an elderly person. Ideal communication with the city centre and neighbouring cities is ensured by the short distance to national road No. 501. In Prof. J. Stankiewiczza street itself or in its immediate vicinity, there are important points of interest such as **a kindergarten, small local shops and service points, and places such as a rehabilitation centre. Lovers of outdoor activities will also find something for themselves here**, as it is possible to walk or cycle to the Park at the Eagle's Nest and to the Jabłoniowa reservoir, which is popular with the residents and where an outdoor gym has been built. There is no shortage of interesting cycling routes around, nor is there any shortage of restaurants serving excellent pizza and traditional Polish cuisine.

I invite you to the presentation! **The buyer does not pay the commission!**
